CVBS, Audio	
-------------	--

Analogue Audio (L/R) output connectors

Connectors	2 x RCA/Cinch
------------	---------------

Digital Audio (S/P-DIF) output connectors

Connector	RCA/Cinch
-----------	-----------

Return channel (via internal modem)

Modem	V.32 bis
Data speed	max 14.4 kbit/s
Connector	RJ-11

Digital data port

RS232 interface	
Connectors	9-pin D-sub
Data speed	max 115.2 kbit/s

Remote control

Operating range	up to 10 m
Batteries	2 x 1.5. V (type AAA)

Conditional Access

1 x DVB Common Interface slot	
CAMs supported: All DVB compatible	
Embedded Conax™	

Summary of connectors

1 x IEC female (Signal input)	
1 x IEC male (RF loop through)	
2 x SCART (TV, AUX)	
2 x Audio L/R (RCA/Cinch type)	
1 x S/P-DIF (RCA/Cinch type)	
1 x RS232 (9pin)	
1 x Mains connector	
1 x RJ-11 (V32 bis modem)	

General data

Color	Black Olive
Operating temperature	+5 to +40°C
Storage temperature	-40 to +65°C
Supply voltage	110-240 V
Power consumption	max 25 W (stand by 5 W)
Weight	1050 g
Dimensions (w x d x h)	251 x 275 x 80 mm

Indoor Antenna

Contact your service provider or local installer for information about the reception conditions in your area.

Easy navigation with the Nokia Navi™ Bars user menu

*MHP services may vary by region and by service provider

It's not just an ordinary set-top-box. The Nokia Mediamaster 310 T offers you digital free-to-air TV, pay-TV and access to interactive services.

Free-to-air TV, pay-TV, digital radio and more – all in one receiver.

Here's a digital terrestrial receiver at its best. The Nokia Mediamaster 310 T brings you a huge variety of content; entertainment, music, sports, news and movies.

Thanks to its multi-access concept, you can receive free-to-air channels and encrypted channels. Nokia Mediamaster 310 T has a Common Interface slot where you can plug-in a CA-module as recommended by your terrestrial pay-TV operator. It also features embedded Conax™ to give you easy access by simply inserting a corresponding smart card. You benefit from the high quality digital picture (normal ratio or wide-screen) and Dolby™ Digital supported sound – setting a whole new standard in TV entertainment.

Get into interactive with MHP.

As more and more TV service providers introduce interactive services, you want to take the chance to get involved and get access to more fun and more information. The Nokia Mediamaster 310 T fully supports the MHP 1.0.2 standard, the standard being used for interactive services that you can receive via your rooftop antenna. In addition to services like super text and electronic program guides, you can also use interactive services like banking, betting, quizzes and downloadable games etc. as they become available in your country.

The availability of additional services varies by region and by service provider. Ask your local Nokia representative for more information.

Plenty of digital TV and radio channels – the choice is yours.

The beauty of the Nokia Mediamaster 310 T is that it is so easy-to-use and install. Simply plug it into your antenna cable, enter your language and country and start zapping through digital radio and TV channels.

There's no need to worry about getting mixed up with your channels either. The on-screen Nokia Navi™ Bars user menu makes zapping very easy, and fast. You and your family can create your own personal favourite lists – for sports, films or documentaries... it's up to you.

Why not listen to digital radio? Or play a few games?

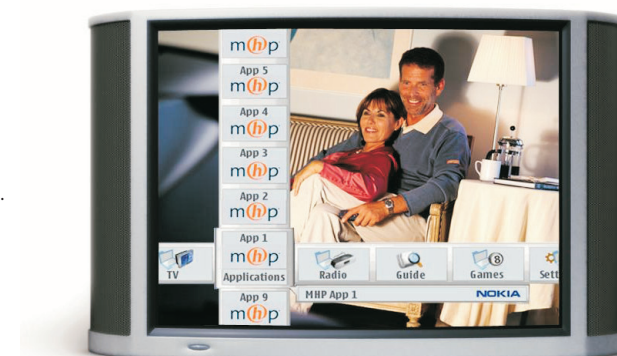

With your Nokia Mediamaster 310 T you can also receive digital terrestrial radio channels. Being digital, they'll sound that way too, and plugging the Nokia Mediamaster 310 T into your stereo will greatly enhance your listening experience.

And, should you feel like having extra fun, the great Nokia games, Snake, Tractor and Opposite come built-in to keep you entertained.

With everything changing so fast, is this really a good time to get digital TV – or the Nokia Mediamaster 310 T?

Absolutely. When you see it, you'll believe it. What's more, with the Nokia Mediamaster 310 T you're covered for the future too, as you get updates when new functions and services come available. The same goes for all Nokia home entertainment products and solutions.

Your dealer will be happy to give you more information about digital television, interactive services, the Nokia Mediamaster 310 T and our other, exciting Nokia home entertainment products.

The Nokia Navi™ Bars user menu: Your personal guide to digital home entertainment. Zap through channels, create favourite lists and ask for help – at the touch of a button. It's not only smart, but fast too.
